cine-man why he has come. He answers, »I came to have a talk, to call on you and become your friend.« They become friends.

V. Origin of the Rio Bermejo

The Rio Bermejo is very deep for it was dug by a big *tatu careta* (giant armadillo) who wanted to go to the source of the river.

VI. The New Moon

When there is a new moon, the Indians dance and beat on their drums (*pimpim*). The man who plays a drum wears a belt with hanging pendants of metal, hoofs and so on. They put water into the drum so that the hide will not get dry.

VII. Menstruation

It is the moon who sleeps first with the girls and that is why they menstruate. When a young girl is menstruating for the first time, she must begin working and doing all she will have to do later on. If she does not keep active during this period, then she will be lazy all her life. She must be in semi-seclusion for five days, only going out with her father's permission. She may not marry or have sexual intercourse until after her first menstruation. When a woman is menstruating, she must not go to the bush where she could easily become frightened and die.

VIII. Eclipses

An eclipse of the sun or moon foretells disease. When either the sun or moon becomes angry with men it covers itself. To have it uncover it is necessary to beat drums, shout, sing and to make all kinds of noise. When the sun is covered one may expect smallpox.
